of the history of mankind in a manner that this world has never seen before. Since the first man and prophet Adam (AS) was sent down to Earth, Allah sent many prophets and messengers to guide mankind to the Truth and to the Straight Path. Soon after the deaths of these prophets, their followers deviated from the teachings and corrupted the religion of Allah. He rejuvenated the Truth as taught by the previous prophets and messengers, and re-established the Law of Allah on Earth through the teachings of the Qur'an and the practice of the Sunnah. At the time of the birth of the Prophet Muhammad (SAW), two great prophetic religions were practiced in the environs of Arabia - namely Judaism and Christianity. Both of these religions were born from the basic teachings of Islam as taught by Musa (AS) and Isa (AS). However, the original teachings were lost, and these religions were born.

Originally published in 1989, much was known about blindness, but the field was divided into specialties. It was hoped that this work would be useful in reducing that isolation, by presenting, within a single volume, basic information derived from different approaches to the subject of blindness.

She reveals the multiple strategies they use to navigate interpersonal and gender-specific violence and how they reconcile the gendered dilemmas of their adolescence.

Illuminating struggles for survival within this group, *Between Good and Ghetto* encourages others to move African American girls toward the center of discussions of "the crisis" in poor, urban neighborhoods.

Prophet Muhammad SAW from Mecca, unified Arabia into a single religious polity under Islam faith. Believed by Muslims to be a prophet and messenger of Allah SWT (God), Muhammad is almost universally considered by Muslims as the last prophet sent by God to mankind. While non-Muslims generally regard Muhammad as the founder of Islam, Muslims consider him to have restored the unaltered original monotheistic faith of Prophet Abraham, Prophet Moses, Prophet Jesus and other prophets. Born approximately in 570 CE in the Arabian city of Mecca, Prophet Muhammad SAW was orphaned at an early age; he

was raised under the care of his paternal uncle Abu Talib. After his childhood Muhammad primarily worked as a merchant. Occasionally he would retreat to a cave in the mountains for several nights of seclusion and prayer; later, at age 40, he reported at this spot, that he was visited by Angel Gabriel and received his first revelation from Allah SWT (God). Three years after this event Prophet Muhammad SAW started preaching these revelations publicly, proclaiming that "God is One." Prophet Muhammad SAW, may the mercy and blessings of God be upon him, is the man beloved by more than 1.5 billion Muslims. He is the man who taught us patience in the face of adversity, and taught us to live in this world but seek eternal life in the hereafter. It was to Prophet Muhammad SAW that God revealed the Quran. Along with this Book of guidance God sent Prophet Muhammad SAW, whose behavior and high moral standards are an example to us all. Prophet Muhammad's life was the Quran. He understood it, he loved it and he lived his life based on its standards. He taught us to recite the Holy Quran, to live by its principles and to love it. When Muslims declare their faith in One God, they also declare their belief that Muhammad is the slave and final messenger of God.

But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. The Bible makes many scientific statements of facts so profound that only in the last few decades could we begin to understand them. Thousands of years ago the Hebrew prophets made scientific statements about meteorology, oceanography, biology, medicine, fire science, astronomy, nuclear physics, the hydrology cycle, and the Earth's typography to name a few. Some of these are so profound that just one of them alone proves the Bible is true. These statements are so profound that you must either conclude that God told these prophets this information or that this race of shepherds had access to computers, weather satellites, cameras and advanced technology almost 4000 years ago and never used it for any other purpose. There is no other explanation.
