Inspire Integrity is addicting. It focuses on what it means to live an authentic life. Its chapters encourage people of all ages and circumstances to understand that authentic success comes from the attainment of: (1) a sincere sense of contentment, (2) strong personal relationships, and (3) a solid character. This is much different from worldly success such as excessive wealth, fame and popularity - things which, in and of themselves, do not have the capacity to make a person happy. It is designed to help people look critically at their life, think through their decisions, set priorities and goals, develop a solid character, avoid serious mistakes and discover their true passion in life. It draws on the major ethical frameworks of Aristotle, Mill and Kant as well as the Golden Rule as tools to avoid Benjamin Franklin's warning that people tend to get old too soon and wise too late. It presents a roadmap to accomplish this mission and advocates that each reader start the journey to authentic success now! Inspire Integrity focuses on the story of Cash, the racing greyhound, who is world famous and has won tens of millions of dollars winning races. The biggest race of his life is on the horizon and everyone is there, including the press, to cover history in the making. If he wins the race his owner will receive a million-dollar prize. The night before the race, Cash reveals he's not going to race the next day and that he is retiring completely. Shocked, the owner asks him whether he is hurt, mad at her, or too old? He responds that it's none of those things. In fact, he's been doing a lot of critical thinking about his life and has come to the conclusion that all he's ever done is run around dirt racetracks, and he just cannot do it anymore. He finally understands that those little white rabbits that everyone encourages him to chase day and night aren't even real.

The 4th edition of Business Law for the Entrepreneur and Manager introduces the reader to fundamental principles of the laws regulating business as well as their practical application in the

United States. The various chapters cover such topics as the law and the basic legal principles impacting entrepreneurs and managers, the foundational business laws that entrepreneurs and managers in the United States must become aware of and understand, as well as other important legal topics such as constitutional law, administrative law, torts, products liability, crimes, contract law, sales and agency laws, commercial paper, various forms of business organizations, and debtors and creditors laws. The study of this legal material will be very beneficial to entrepreneurs, managers, and human resources professionals. This edition to this book seeks to make the reader more legally knowledgeable and astute. The book attempts to identify as many legal challenges as possible in establishing, operating, and managing a business in today's very competitive global business environment. The book recommends strategies and tactics to overcome these challenges and to achieve a successful business in a lawful and moral manner. Yet overcoming business law challenges is not the only goal of this book. The authors naturally want the reader to be able to more clearly foresee legal problems so as to avoid them; but the authors also want the reader to learn how to use the law and the legal system to more effectively establish, manage, and develop the business. Accordingly, an important objective of this edition of this book is to focus on "preventative law," that is, making the business person aware of the law, its applicability to business, and the legal consequences of business decision-making. The goal is to proactively avoid legal problems before they materialize, as opposed to the "trials and tribulations" (and "trials" perhaps literally) of reactively dealing with them when they occur. One major purpose of this book, therefore, is to help business people recognize legal risks and thus avoid legal liability. The authors are most grateful for all the support and encouragement to publish the 4th edition and particularly for the many most helpful suggestions for improving the book from colleagues, managers, human resources professionals, students, friends, and readers from across the globe. Furthermore, by using this book, you are contributing to the Business Ethics and Global Social Responsibility Scholarship, which has been established at the Huizenga School of Business and Entrepreneurship at Nova Southeastern University to support scholarly research and coursework by students, which will advance the fields of business ethics and global social responsibility. This scholarship was conceived and created by the authors of this book, and Huizenga Business College professors, Dr. Frank J. Cavico, J.D., LL.M., Professor Emeritus of Business Law and Ethics, and Dr. Bahaudin G. Mujtaba, M.B.A. / D.B.A., Professor of Management and Human Resources. Professors Cavico and Mujtaba are co-funded this academic scholarship initiative with the support of the H. Wayne Huizenga College of Business and Entrepreneurship and Nova Southeastern University. Thank you for exploring and leading discussions, and advancing knowledge on legality, morality and ethics, as well as social responsibility, in the world of management, entrepreneurship, and leadership!
