

# Cost Accounting Solution Manual By Rante

Designed for student use, this supplement contains fully worked-out solutions for all of the even-numbered questions and problems in the textbook. This may be purchased with the instructor's permission.

Cost Accounting Cengage Learning

The authors have kept the text concise by focusing on the key concepts students need to master.

Opening vignettes & 'in action' boxes show realistic applications of these concepts throughout.

Comprehensive end-of-chapter problems provide students with all the practice they need to fully learn each concept.

The most practical, real-world presentation of cost accounting on the market, this book blends a traditional and proven method of teaching cost accounting with the integration of innovative topics.

Cost topics are covered in the context of organizational strategy and operational tactics, as cost management decisions are sensitive to strategies driven by quality, cost, and innovation. Kinney, Prather-Kinsey, and Raiborn reinforce the material with real-world examples and visual illustrations that bring cost management techniques into the student's sphere of understanding. A flexible organization appropriate for either a one- or two- semester course--coupled with clear and
