A workbook for students taking the American Heart Association's Heartsaver First Aid CPR AED course. Covers first aid basics, CPR for adults and how to use an AED.

Product 15-1040

Product 15-2811

A workbook for students taking the American Heart Association's Heartsaver First Aid CPR AED course. Covers first aid basics, CPR for adults and how to use an AED.

The student workbook for the credentialed Heartsaver Pediatric First Aid course. Provides information on how to manage illness and injuries in a child during the first few minutes of an emergency until professional help arrives. Includes four core modules: First Aid Basics, Injuries and Illnesses, Life-Threatening Emergencies and the Chain of Survival, and CPR and AED. Also includes optional modules, such as Use of a Nebulizer, to meet regulations for day-care centers in certain states. Workbook comes shrink-wrapped with the Heartsaver Pediatric First Aid Quick Reference Guide (#80-1002), the Adult CPR And AED Reminder Card, the Child And Infant CPR And AED Reminder Card, and a CD containing supplemental information and video clips on CPR and AED skills. An ideal resource for first responders, child-care workers, teachers, foster-care workers, camp counselors, youth organizations, coaches/Little League organizations, as well as parents, grandparents, and baby sitters.

perform lifesaving skills until professional help arrives.

Product 15-2113JP

"The Heartsaver First Aid CPR AED DVD set is to be used by AHA BLS and Heartsaver instructors to teach the DVD-driven Heartsaver First Aid, Heartsaver CPR AED, and Heartsaver First Aid CPR AED courses. The Heartsaver DVD navigation and menu options have been designed to support the various Heartsaver portfolio course formats, including instructor-led and blended learning courses. Updated to reflect new science in the 2015 American Heart Association Guidelines for CPR & ECC"--WorldPoint.com.

20-1130

20-1122

A student manual for CPR and first-aid for choking.

Rev. ed. of: First aid/CPR/AED for schools and the community. 3rd ed. c2006.

Has companion: BLS basic life support provider manual.

First Aid, CPR, and AED Standard, Fifth Edition is the center of an integrated teaching and learning system that offers instructor, student, and technology resources to better support instructors and prepare students. The text includes: Coverage of the 2005 CPR and ECC Guidelines. Current information on injured and illnesses: Core information for first aiders presented in a clear and straightforward format. Skill Drills: Offer step-by-step explanations and visual summaries of important skills. Flowcharts: Reinforce the decision-making process and appropriate procedures. Decision Tables: Provide a concise summary of what signs first aiders should look for and what treatment steps they should take.

Pediatric First Aid, CPR, and AED is a first edition product for McGraw-Hill Higher Education. Part of a series of titles authored by the National Safety Council, Pediatric First Aid, CPR, and AED covers the material required in a Standard First Aid, CPR and AED course. The focus is teaching the layperson to recognize and act in any pediatric emergency and to sustain life until professional help can arrive. Quality content features information based on the current national guidelines for breathing and cardiac emergencies. Other information includes bleeding control, and first aid for sudden illnesses and injuries. Focus is also on preventing injury and illness in children and the first aid for common illnesses and injuries that children sustain. Information is presented in a concise easy-to-read manner that works as a handy reference after the course. National Safety Council programs and products are designed to benefit all types of learning styles by combining lectures, video presentations, group discussions, and hands-on training.
