What if everything you ever wanted isn't what you actually want? Twenty-something, suit-clad, and upwardly mobile, Joshua Fields Millburn thought he had everything anyone could ever want. Until he didn't anymore. Blindsided by the loss of his mother and his marriage in the same month, Millburn started questioning every aspect of the life he had built for himself. Then, he accidentally discovered a lifestyle known as minimalism...and everything started to change. That was four years ago. Since, Millburn, now 32, has embraced simplicity. In the pursuit of looking for something more substantial than compulsory consumption and the broken American Dream, he jettisoned most of his material possessions, paid off loads of crippling debt, and walked away from his six-figure career. So, when everything was gone, what was left? Not a how-to book but a why-to book, *Everything That Remains* is the touching, surprising story of what happened when one young man decided to let go of everything

and begin living more deliberately. Heartrending, uplifting, and deeply personal, this engrossing memoir is peppered with insightful (and often hilarious) interruptions by Ryan Nicodemus, Millburn's best friend of twenty years.

We started Asymmetrical for a laundry list of reasons, but all those reasons point back to one underlying goal: Adding Value. If Asymmetrical has a single objective, that's it. We know that if we add enough value to enough people through Asymmetrical, then we'll be able to raise the tide of Independent Publishing, not just our own work, but Indie Publishing as a whole. That way everyone benefits; a rising tide lifts all boats. Adding Value is the reason we've put together this Guide. We want to prove to you that you needn't worship at the altar of the old guard, that you needn't "submit" to anyone. You can successfully publish on your own, soup to nuts, controlling every morsel of the Process. The present day is the most exciting time in history to be an Author. No longer are you beholden to the gatekeepers; no longer must you compromise your art. For the first time in publishing history, you are in control. We know this first hand. The Authors of this Guide aren't some hacks who just write about writing. Nope. Rather, when we weren't happy with the publishing landscape, we took matters into our own hands; we refused to wait for someone else's permission to publish our work. And guess what: we've been successful. We've published over 30 Books (nonfiction, fiction, and memoirs), several of which have been bestsellers; we've toured internationally; and we've established audiences larger than most Traditionally Published Authors. But that's because we're not just Authors, and neither are you. Over the course

IMPORTANT: this book was not written to promote a live event where I will give you more information. I poured all my knowledge into this book, saving nothing. My name is Manuel Rise and I am a professional blogger since 2014.

"Professional blogger" means I can live my life blogging: I have a blog (more than one, in truth) through which I sell a service. Several years have passed since I started writing articles and the world of blogs has changed a lot. Honestly, it changes every year. So, to keep up with the times, every year I attend SEO courses by Google, copywriting and basically, every kind of course related to the world of blogs.

Unfortunately, there is no great course on internet that explains how to build a blog and earn money by selling a product or service. That's why - alongside with my business - I decided to write this series of books. Everything you will find in these books is result of my experience and that's what allowed me to leave my job and be able to live only with my blogs. It's not a simple journey: making money with a blog is not a quick process and presents a lot of pitfalls. Making sure that our blog reaches first pages of Google results is a matter
