Instead of a traditional written diary, Julia Kaye has always turned to art as a means of self-reflection. So when she began her gender transition in 2016, she decided to use her popular webcomic, *Up and Out*, to process her journey and help others with similar struggles realize they weren't alone. Julia's poignant, relatable comics honestly depict her personal ups and downs while dealing with the various issues involved in transitioning—from struggling with self-acceptance and challenging societal expectations, to moments of self-love and joy. *Super Late Bloomer* both educates and inspires, as Julia faces her difficulties head-on and commits to being wholly, authentically who she was always meant to be.

Classic story of the last days of Spanish rule in the Philippines.

This work looks at the problematic relationship between the Phillipines and the US. It argues that when faced with a national crisis or a compelling need to reestablish its autonomy, each nation paradoxically turns to its history with the other to define its place in the world.

Sermons and writings of Joseph Smith, the Prophet.

These essays do not contribute to metaphysical and epistemological questions; they are primarily historical.

Nearly one hundred years ago, a desperate young woman crawled ashore on a desolate arctic island, carrying a terrible secret and a mysterious, emerald-encrusted cross. A century later, acts of man, nature, and history converge on that same forbidding shore with a power sufficient to shatter civilization as we know it. Army epidemiologist Frank Slater is facing a court-martial, but after his punishment is mysteriously lifted, Slater is offered a job no one else wants—to travel to a small island off the coast of Alaska and investigate a potentially lethal phenomenon: The permafrost has begun to melt, exposing bodies from a colony that was wiped out by the dreaded Spanish flu of 1918. Frank must determine if the thawed remains still carry the deadly virus in their frozen flesh and, if so, ensure that it doesn't come back to life. Frank and his handpicked team arrive by helicopter, loaded down with high-tech tools, prepared to exhume history. The colony, it transpires, was once settled by a sect devoted to the mad Russian monk Rasputin, but there is even more hiding in the past than Frank's team is aware of. Any hope of success hinges on their willingness to accept the fact that even their cutting-edge science has its limits—and that the ancient wisdom of the Inuit people who once inhabited this eerie land is as essential as any serum. By the time Frank discovers that his mission has been compromised—crashed by a gang of reckless treasure hunters—he will be in a brutal race against time. With a young, strong-willed Inuit woman by his side, Frank must put a deadly genie back in the bottle before all of humanity pays the price. The Romanov Cross is at once an alternate take on one of history's most profound mysteries, a love story as unlikely as it is inevitable, and a thriller of heart-stopping, supernatural suspense. With his signature blend of fascinating history and fantastic imagination, critically acclaimed author Robert Masello has once again crafted a terrifying story of past events coming back to haunt the present day . . . and of dark deeds aching to be unearthed. Praise for *The Romanov Cross* "In this fascinating, funny, and frightening supernatural thriller, [Robert] Masello skillfully weaves together the

story of the deaths of the Russian royal family with the possibility of a new worldwide influenza pandemic. . . . Toss in a pack of slavering wolves, the undead, and a chilling ending, and the result is a terrific, can't-put-it-down read. Fine prose and plotting help solidify Masello's position at the top of this crowded subgenre."—Publishers Weekly "A former Army epidemiologist contends with greedy locals and the harsh Alaskan terrain in order to prevent the recurrence of a deadly pandemic. . . . Masello weaves several disparate genres—medical thriller, historical novel, ghost story—into a coherent whole. A delicious sense of creeping dread permeates the first act, greatly enhanced by its setting in the stark but beautiful landscape of northwestern Alaska. . . . Tense, taut and impossible to put down."—Kirkus Reviews (starred review)

Accounts of male Filipino writers on gender politics, and arts in the Philippines. **OVER 500,000 COPIES SOLD!** In these pages, New York Times bestselling author Shauna Niequist invites you to consider the landscape of your own life, and what it might look like to leave behind the pressure to be perfect and begin the life-changing practice of simply being present, in the middle of the mess and the ordinariness of life. As she puts it: "A few years ago, I found myself exhausted and isolated, my soul and body sick. I was tired of being tired, burned out on busy. And, it seemed almost everyone I talked with was in the same boat: longing for connection, meaning, depth, but settling for busy. "I am a wife, mother, daughter, sister, friend, neighbor, writer, and I know all too well that settling feeling. But over the course of the last few years, I've learned a way to live, marked by grace, love, rest, and play. And it's changing everything. "Present Over Perfect is an invitation to this journey that changed my life. I'll walk this path with you, a path away from frantic pushing and proving, and toward your essential self, the one you were created to be before you began proving and earning for your worth." Written in Shauna's warm and vulnerable style, this collection of essays focuses on the most important transformation in her life, and maybe yours too: leaving behind busyness and frantic living and rediscovering the person you were made to be. Present Over Perfect is a hand reaching out, pulling you free from the constant pressure to perform faster, push harder, and produce more, all while maintaining an exhausting image of perfection. Shauna offers an honest account of what led her to begin this journey, and a compelling vision for an entirely new way to live: soaked in grace, rest, silence, simplicity, prayer, and connection with the people that matter most to us.

A philandering professor on the faculty of an Ivy League school is found murdered, setting off ripple effects of anxiety, suspicion, and panic in this Edgar Award-winning classic from 1946. *The Horizontal Man* was Helen Eustis's only crime novel, and she won an Edgar Award for it, combining a wildly disparate set of elements into an enduringly fascinating work. In its way it is a classical whodunit that stands comparison with old-school practitioners such as Agatha Christie or Dorothy Sayers. This mystery transpires in the rarefied precincts of the English department of a venerable New England college, one very much of

the restless postwar moment, echoing with references to Freud and Kafka. Eustis finds comedy high and low in a cavalcade of characters bursting at the seams with repressed sexual longings and simmering malice. Beyond the satire, she stirs up--with a narrative whose multiple viewpoints give the book a striking modernistic edge--a troubling sense of the mental chaos lurking just beneath the civilized surfaces of her academic setting.

An account of the history of the Spanish colony in the Philippines during the 16th century. Antonio de Morga was an official of the colonial bureaucracy in Manila and could consequently draw upon much material that would otherwise have been inaccessible. His book, published in 1609, ranges more widely than its title suggests since the Spanish were also active in China, Japan, Southeast Asia, Taiwan, the Moluccas, Marianas and other Pacific islands. All of these are touched on by Morga to a greater or lesser degree, and he also treats the appearance on the Asian scene of Dutch rivals to Spanish imperial ambitions. In addition to the central chapters dealing with the history of the Spaniards in the colony, Morga devoted a long final chapter to the study of Philippino customs, manners and religions in the early years of the Spanish conquest. From the first edition, Mexico, 1609. A new edition of First Series 39.

José Rizal has a good claim to being the first Asian nationalist. An extremely talented Malay born a hundred years ago in a small town near Manila, educated partly in the Philippines and partly in Europe, Rizal inspired the Filipinos by his writing and example to make the first nationalist revolution in Asia in 1896. Today the Philippines revere Rizal as their national hero, and they regard his two books, *The Lost Eden* (Noli Me Tangere) and *The Subversive* (El

Filibusterismo) as the gospel of their nationalism. The Subversive, first published in 1891, is strikingly timely today. New nations emerging in Africa and Asia are once again in conflict with their former colonial masters, as were the Filipinos with their Spanish rulers in Rizal's day. The Subversive poses questions about colonialism which are still being asked today: does a "civilizing mission" justify subjection of a people? Should a colony aim at assimilation or independence? If independence, should it be by peaceful evolution or force of arms? Despite the seriousness of its theme, however, The Subversive is more than a political novel. It is a romantic, witty, satirical portrait of Spanish colonial rule in the Philippines at the end of the nineteenth century, written in the tradition of the great adventure romances. The translation by Leon Ma. Guerrero, Philippine ambassador to the Court of St. James, conveys the immediacy of the original, and makes this important work available to a new generation of readers. His translation of The Lost Eden is also available in the Norton Library.

A bold and open-ended text of comparative religion, this refreshing analysis of the Abrahamic faiths of Judaism, Christianity and Islam sorts the strands which link these great religions together.

With this translation, one of the classics of German historical literature becomes available in English. In *Weltburgertum und Nationalstaat* the eminent historian Friedrich Meinecke attempted to trace the transition in Germany from eighteenth-century cosmopolitanism to nineteenth-century nationalism, and to clarify the genetic history of the German nation through an analysis of the relationship between Prussia and Germany. The insights and arguments that Meinecke developed in this work have influenced two generations of historians, as has his superb methodology, which integrated the two areas of ideas and politics with rare effectiveness. Why This Book Is Unique This book reveals the paradise-like splendor found in the 7,107 islands of the Philippines and the character, nature, values, and customs of Filipinos. This book also outlines an uncomplicated but in-depth exploration of Filipino grammar to make it easier and simpler for the learner to form word and sentence constructions. The lexicon section of this book contains synonyms, correlations, similarities, and antonyms, making it more comprehensive and multifaceted than the other Filipino dictionaries in the market today. Also added in it are motivational topics and cautionary alerts. Previously and currently, most of the explanations and illustrations presented in this book have hardly been covered in other Filipino dictionaries written by other authors. The highlighting of the Spanish and English words in this dictionary can help increase proficiency or, at the least, familiarity with four languages, Tagalog, Ilocano, Spanish, and English, not to mention Bicolano, Cebuano, Ybanag, and Gaddang vocabularies that are added into this book. Come and see for yourself how to invoke angels, and discover a new way to experience your world." —Rabbi David A. Cooper

Filipino national hero Jose Rizal wrote *The Social Cancer* in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me ['to excommunicate me'] because of it ... I am considered a German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and that I wander through the streets by night ..."
