The world is no longer run by humans. Taken over by vampires a thousand years ago, the planet has been able to rejuvenate, and is now governed as a civilized society by The Collective. Prince Alexander Gronovski and his family are the owners of the world's only all female cattle farm. Their responsibility - to provide vampire kind with feeders, and carriers for their offspring. The only way vampires can produce pure blood children is to undergo the impregnation ceremony. Alex and his lover Jade must oversee the ceremony and deliver the vampire babies whilst fending off his killer father, a promised bride and hormonal humans. When ten-year-old Abbas arrives in England to start a new life - having just fled conscription into the Iranian army and survived almost three months alone in Istanbul, Turkey, waiting for a visa - little does he know that his troubles have only just begun. Abbas's cousin packs him off to boarding school, and infrequent phone calls are his only contact with his beloved mother in Iran. Things get worse when Abbas is threatened with deportation and forced to work through the nights during his school holidays to repay his 'debt', and worse still when, at the age of thirteen, he finds himself homeless. Abbas's extraordinary resilience in the face of overpowering odds makes this story based on true events from the internationally bestselling author of *On Two Feet and Wings* inspiring and unforgettable.

Christopher Flynn is trying to get it right. After years of trouble and rebellion that enraged his father and nearly cost him his life, he has a steady job in his father's company, he's seriously dating a woman he respects, and, aside from the distrust that lingers in his father's eyes, his mistakes are firmly in the past. One day on the job, Chris and his partner come across a temptation almost too big to resist. Chris does the right thing, but old habits and instincts rise to the surface, threatening this new-found stability with sudden treachery and violence. With his father and his most trusted friends, he takes one last chance to blast past the demons trying to pull him back. Like Richard Price or William Kennedy, Pelecanos pushes his characters to the extremes, their redemption that much sweeter because it is so hard fought. Pelecanos has long been celebrated for his unerring ability to portray the conflicts men feel as they search and struggle for power and love in a world that is often harsh and unforgiving but can ultimately be filled with beauty.

In keeping with the style of the *Handbook of Modern Biophysics*, this fourth volume, *Application of Near-Infrared Spectroscopy in Biomedicine*, balances the need for physical science/mathematics formalism with a demand for biomedical perspectives. Each chapter divides the presentation into two major parts: the first establishes the conceptual framework and describes the instrumentation or technique, while the second illustrates current applications in addressing complex biology questions. With the additional sections on further reading, problems, and references, the interested reader can explore some chapter ideas more widely.

Many events have evolved over centuries, drawing on local customs and conditions. However, as the world becomes increasingly globalised, traditional events and the identities they support

are increasingly being challenged and rituals may be lost. Reacting against this trend towards homogeneity, communities strive to preserve and even recreate their traditional events, which may require rituals to be resurrected or reinvented for a new audience. The aim of this book is to explore the role of traditional events and rituals in the modern world. The 16 chapters cover a range of case studies of the performance of ritual through events, including their historical antecedents and development over time, as well as their role in society, link with identities both seemingly fixed and fluid and their continued relevance. The cases examined are not museum pieces, but rather vibrant festivals and events that continue to persist. Drawing on the power of history and cultural tradition, they are manifestations of heritage, existing in three temporalities: celebrating the past, occurring in the present and aiming to continue into and influence the future. Iconic events including Chinese New Year, Hogmanay and the New Orleans Mardi Gras are examined and examples are drawn from a diverse range of countries such as South Korea, China, Laos, the United States, Scotland, Italy, India and Haiti. This volume provides a deep understanding upon the role of tradition and ritual within events, from a global perspective and will be valuable reading for students, researchers and academics interested in events, heritage and culture.

Today Rolex Passion is the most updated edition on Rolex wristwatches: a book that illustrates and describes all vintage and modern models, including timepieces introduced at Baselworld 2017. Rolex Passion also represents the first "social book" by Mondani, tradition combined with the future: the code QR on the cover of the book takes you directly to our page on Facebook ("Rolex Passion by Mondani"), which has more than half a million followers and is updated with images and information about different watches every day. On this page you can also find watches that are on sale at the most reliable and known retailers worldwide. Another important new element of this book is the large section entirely dedicated to the Rolex watches of our Clients and Followers from all over the world, with unpublished pictures, which arrive directly from the network profiles of our Clients and Followers. A unique opportunity to see wonderful timepieces in constantly different and original contexts. Furthermore, "Rolex Passion" is also the first book of the dealers, since it includes a large chapter on dealers, retailers and vendors worldwide, who are recommended to you by Mondani. This book is perfect for those who are approaching the world of Rolex watches. "Rolex Passion" takes the reader on a journey through the entire production of watches and illustrates the history and the main technical features of all the references. This volume should be present in the bookcase of our Clients, who already own other editions by Mondani, since it is a real novelty, which allows one to follow the most active and updated page about Rolex on Facebook. The preface of this book was written by Roman Sharf, a dealer of new and second wrist luxury watches in Philadelphia. He is esteemed throughout the world and has great experience in the watch market. ROLEX PASSION TOPICS: Rolex Passion describes on more than 350 pages the whole production of the Genevan Maison from the first models up to the present day. This book also illustrates important details, small differences, special features of bezels, dials and hands and a lot more. Rolex Passion is divided in categories in alphabetic order and represents a general guideline, which describes all the references, but also satisfies the demands of those who require more detailed information, for example: the customized Serpico y Laino dials, the chronographs, which were produced only in very small numbers, the characteristics of the Paul Newman models, watches with tropical dials, the calibers, the timepiece, which was called "Padellone," the evolution and the range of dials of the

Datejust and Day-Date, the Texano, the complications of the Sky-Dweller, the evolution of the diver's models from the James Bond up to the James Cameron, the Oysterflex, the ceramic bezel inserts (including those of the modern Daytona), etc. The last chapters describe all the models, which were presented at Baselworld, like for example the Sea-Dweller, ref. 126600 with red writing, the new Sky-Dweller in stainless steel with a blue dial, the Yacht-Master with a sapphire and diamond set bezel and a lot more. The chapter "Shots from the Web" is absolutely new. It illustrates photos of Rolex watches from all over the world: models, which are rare or common, modern or vintage, in good or less good condition, are presented on different and original backgrounds.

This sharply intelligent, consistently provocative book takes the reader on an  
astonishing, thought-provoking voyage into the realm of delightful uncertainty--a world

of paradox in which logical argument leads to contradiction and common sense is seemingly rendered irrelevant.

An exemplary survey that reassesses the impact of the most important books to have shaped art history through the twentieth century. Written by some of today's leading art historians and curators, this new collection provides an invaluable road map of the field by comparing and reexamining canonical works of art history. From Émile Mâle's magisterial study of thirteenth-century French art, first published in 1898, to Hans Belting's provocative *Likeness and Presence: A History of the Image before the Era of Art*, the book provides a concise and insightful overview of the history of art, told through its most enduring literature. Each of the essays looks at the impact of a single major book of art history, mapping the intellectual development of the writer under review, setting out the premises and argument of the book, considering its position within the broader field of art history, and analyzing its significance in the context of both its initial reception and its afterlife. An introduction by John-Paul Stonard explores how art history has been forged by outstanding contributions to scholarship, and by the dialogues and ruptures between them.

From USA Today bestselling author Leslie Langtry comes a former CIA agent turned Girl Scout Troop leader, and a murder that will keep you guessing until the end! Just as Merry Wrath's former career as a CIA agent seems to be fading into a distant memory, the agent turned Girl Scout troop leader discovers that her beloved little suburban ranch house may not be what it seems. When a masked gunman breaks in to demand the return of "Nye," she fears that she may not have been the first spy to live there. What...or who is "Nye?" And when Merry trips over the dead body of that same gunman later at the zoo, she realizes that her favorite king vulture and his mouthy scarlet macaw friend may be witnesses to a murder. Suddenly this becomes much more personal, and her list of suspects grows from a cosplaying teenaged demigod zookeeper, to a possible plot by the Russians... which may even include Merry's old arch-nemesis. Things aren't going well for her Girl Scout troop either, as a new addition causes trouble, and the girls begin to turn against each other—sparking way more than just preteen angst. From a dangerous close encounter with a mythical red wolf, to a jovial, geriatric group of Russian expats who brew their own mind-bending vodka, Merry Wrath worries that if she doesn't find the killer soon, this case may be her last.
