A dead man is brought back to life so he can support his family in "The Happy Man"; occasionally he slips into a zombielike state while his soul is tortured in Hell. In "Vanilla Dunk," future basketball players are given the skills of old-time stars like Michael Jordan and Wilt Chamberlain. And in "Forever, Said the Duck," stored computer personalities scheme to break free of their owners. In these and other stories in this striking collection, Jonathan Lethem, author of *The Fortress of Solitude* and *Motherless Brooklyn*, draws the reader ever more deeply into his strange, unforgettable world—a trip from which there may be no easy return.

Imagine if you will, a satirical retelling of Dante Alighieri's *Inferno* starring Mickey Mouse. This is the very first of the world-famous, er, famous Great Parodies featuring classic Disney stars in outrageous spoofs of the world's greatest stories. Italo Calvino was due to deliver the Charles Eliot Norton lectures at Harvard in 1985-86, but they were left unfinished at his death. The surviving drafts explore of the concepts of Lightness, Quickness, Multiplicity, Exactitude and Visibility (Constancy was to be the sixth) in serious yet playful essays that reveal Calvino's debt to the comic strip and the folktale. With his customary imagination and grace, he sought to define the virtues of the great literature of the past in order to shape the values of the future. This collection is a brilliant précis of the work of a great writer whose legacy will endure through the millennium he addressed. Italo Calvino, one of Italy's finest postwar writers, has delighted readers around the world with his deceptively simple, fable-like stories. Calvino was born in Cuba in 1923 and raised in San Remo, Italy; he fought for the Italian Resistance from 1943-45. His major works include *Cosmicomics* (1968), *Invisible Cities* (1972), and *If on a winter's night a traveler* (1979). He died in Siena in 1985, of a brain hemorrhage.

Eric Hobsbawm, who passed away in 2012, was one of the most brilliant and original historians of our age. Through his work, he observed the great twentieth-century confrontation between bourgeois fin de siècle culture and myriad new movements and ideologies, from communism and extreme nationalism to Dadaism to the emergence of information technology. In *Fractured Times*, Hobsbawm, with characteristic verve, unpacks a century of cultural fragmentation. Hobsbawm examines the conditions that both created the flowering of the belle époque and held the seeds of its disintegration: paternalistic capitalism, globalization, and the arrival of a mass consumer society. Passionate but never sentimental, he ranges freely across subjects as diverse as classical music, the fine arts, rock music, and sculpture. He records the passing of the golden age of the “free intellectual” and explores the lives of forgotten greats; analyzes the relationship between art and totalitarianism; and dissects phenomena as diverse as surrealism, art nouveau, the emancipation of women, and the myth of the American cowboy. Written with consummate imagination and skill, *Fractured Times* is the last book from one of our greatest modern-day thinkers.

The first historical heroic epic authored by a woman, *Scanderbeide* recounts the exploits of fifteenth-century Albanian warrior-prince George Scanderbeg and his war of resistance against the Ottoman sultanate. Filled with scenes of intense and suspenseful battles contrasted with romantic episodes, *Scanderbeide* combines the action and fantasy characteristic of the genre with analysis of its characters’ motivations. In selecting a military campaign as her material and epic poetry as her medium, Margherita Sarrocchi (1560?–1617) not only engages in the masculine subjects of political conflict and warfare but also tackles a genre that was, until that point, the sole purview of men. First published posthumously in 1623, *Scanderbeide* reemerges here in an adroit English prose translation that maintains the suspense of the original text and gives ample context to its rich cultural implications. The demand for spices in medieval Europe was extravagant and was reflected in the pursuit of fashion, the formation of taste, and the growth of luxury trade. It inspired geographical and commercial exploration, as traders pursued such common spices as pepper and cinnamon and rarer aromatic products, including ambergris and musk. Ultimately, the spice quest led to imperial missions that were to change world history. This engaging book explores the demand for spices: why were they so popular, and why so expensive? Paul Freedman surveys the history, geography, economics, and culinary tastes of the Middle Ages to uncover the surprisingly varied ways that spices were put to use—in elaborate medieval cuisine, in the treatment of disease, for the promotion of well-being, and to perfume important ceremonies of the Church. Spices became symbols of beauty, affluence, taste, and grace, Freedman shows, and their expense and fragrance drove the engines of commerce and conquest at the dawn of the modern era.

Before Jack Reacher became the seminal, nomadic hero he is today and #1 New York Times bestselling writer Lee Child

reached his current iconic literary stature, there was James Penney, who we meet in this intense Thriller Short. Originally published in THRILLER: Stories to Keep You Up All Night, edited by James Patterson, in 2006. Penney was originally envisioned as a character in Child's second Jack Reacher tale, Die Trying. Though an interesting character, Penney was ultimately excised during the editing process and readers didn't have the pleasure of meeting him. Now he's been resurrected in a tale that features a brief glimpse of Jack Reacher's early career. Don't miss this heart-pumping tale of suspense!

Carlo Diano's Form and Event has long been known in Europe as a major work not only for classical studies but even more for contemporary philosophy. Already available in Italian, French, Spanish, and Greek, it appears here in English for the first time, with a substantial Introduction by Jacques Lezra that situates the book in the genealogy of modern political philosophy. Form and Event reads the two classical categories of its title phenomenologically across Aristotle, the Stoics, and especially Homer. By aligning Achilles with form and Odysseus with event, Diano links event to embodied and situated subjective experience that simultaneously finds its expression in a form that objectifies that experience. Form and event do not exist other than as abstractions for Diano but they do come together in an intermingling that Diano refers to as the "eventic form." On Diano's reading, eventic forms interweave subjectively situated and embodied experiences, observable in all domains of human and nonhuman life. A stunning interpretation of Greek antiquity that continues to resonate since its publication in 1952, Form and Event anticipates the work of such French and Italian post-war thinkers as Gilles Deleuze, Alain Badiou, Roberto Esposito, and Giorgio Agamben.

The second book in a much loved Italian travel memoir trilogy which also includes the delightful When in Rome and Girl by Sea. After three years living and working in Italy, Australian journalist Penelope Green needs a reason to stick around - true love or gainful employment. When a job comes up in Naples - crime capital of Italy, home of pizza and the Camorra, and crouched at the foot of a volcano - Penny launches herself into the unknown. With her innate curiosity and eye for detail, Penny prises Naples open to show us the real city, in all its splendour... and all its depravity. She uncovers a chaotic metropolis when crime and poverty blur with abundant natural beauty, and where the shadow of Mount Vesuvius is a daily reminder that life must be lived for the moment. And when Penny meets a bass player in a local band, she thinks she might have found that other reason to stick around. 'This is a bewitching, true tale of a tantalising city. Magnifico!' - Marie Claire 'frank, funny and honest' - Notebook 'Her down to earth tone and genuine curiosity make for an interesting and insightful read' - Sun-Herald Author Biography Penelope Green was born in Sydney and worked as a print

The couple have now returned to Australia, where they are making a new life for themselves back in the Southern hemisphere. For more information visit penelopegreen.com.au
