Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The "hilarious and poignant" story of one chronically anxious woman's yearlong quest to seek out the adventures she's spent her life avoiding (Cheryl Strayed). For most of her life (and even during her years as the host of a popular radio show), Courtenay Hameister lived in a state of near-constant dread and anxiety. She fretted about everything. Her age. Her size. Her romantic prospects. How likely it was that she would get hit by a bus on the way home. Until a couple years ago, that is, when, in her mid-forties, she decided to fight back against her debilitating anxieties. She would spend a year doing all the things that scared her -- things that the average person might consider doing for a half second before deciding: "nope." Things like: attending a fellatio class. She did that. She also spent an afternoon in a sensory deprivation tank, got (legally) high in the middle of a workday, had a session with a professional cuddler, braved twenty-eight first dates, and (perhaps scariest of all) actually met someone who might possibly appreciate her for who she is. Refreshing, relatable, and pee-your-pants funny, *Okay Fine Whatever* is Courtenay's hold-nothing-back account of her adventures on the front lines of Mere Human Woman vs. Fear, reminding us that even the tiniest amount of bravery is still bravery, and that no matter who you are, it's possible to fight complacency and become bold, or at least bold-ish, a little at a time. "You guys, this book is f*cking funny." -- Chelsea Handler

Chris Gordon is a rookie cop in the Big Apple with an interesting sideline - hunting demons. But after rescuing a beautiful girl from a demonic attack, he finds life stranger than he ever thought possible. Vampires, werewolves, shadowy federal agencies and a giant short-faced bear. And it's not even Halloween yet. In a spare, powerful text and evocative illustrations, the Newbery medalist Katherine Applegate and the artist G. Brian Karas present the extraordinary real story of a special gorilla. Captured as a baby, Ivan was brought to a Tacoma, Washington, mall to attract shoppers. Gradually, public pressure built until a better way of life for Ivan was found at Zoo Atlanta. From the Congo to America, and from a local business attraction to a national symbol of animal welfare, Ivan the Shopping Mall Gorilla traveled an astonishing distance in miles and in impact. This is his true story and includes photographs of Ivan in the back matter.

I was at my wit's end. I'd had enough of this job, this life, and my relationship had broken up. Should I eat chocolate, or go to India, or fall in love? Then I had a revelation: Why not do all three, in that order? And so it was that I embarked on a journey that was segmented into three parts and was then made into a major motion picture. Later, I woke up on an airplane with a hole in my face and a really bad hangover. I was ushered brusquely off the plane by my parents who took me to a rehab where I tested positive for coke, classic coke, special k (the drug), Special K (the cereal), mushrooms, pepperoni, and Restless Leg Syndrome. It was there that I first began painting with my feet. But rewind...the year was 1914. I was just a young German soldier serving in the trenches while simultaneously trying to destroy an evil ring with some help from an elf, a troll, and a giant sorcerer, all while cooking every recipe out of a Julia Child cookbook. What I'm trying to say is that there was a secret code hidden in a painting and I was looking for it with this girl who had a tattoo of a dragon! Let me clarify, it was the 1930s and a bunch of us were migrating out of Oklahoma, and I was this teenage wizard/CIA operative, okay? And, um then I floated off into the meta-verse as a ball of invisible energy that had no outer edge... Ugh, okay. None of this is true. I'm just kind of a normal guy from New Jersey who moved to New York, got into comedy, wrote this book about trying to write this book, and then moved to Alaska, became the mayor of a small town, spent \$30,000 on underwear, and now I'm going to rule the world!!!

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives.
