In *Princess Labelmaker to the Rescue!*, the war against the FunTime Menace—aka test prep—wages on at McQuarrie Middle School. Our heroes have already won one battle, with the help of surprising ally Jabba the Puppett. But to defeat the Dark Standardized Testing Forces they're going to need an even bigger, even more surprising ally: Principal Rabbski. With pressure from great forces—the school board—will this former enemy join the Rebellion, or will her transformation into Empress Rabbski, Dark Lord of the Sith, be complete? With this topical episode, Tom Angleberger demonstrates once again that his "grasp of middle-school emotions, humor and behavior is spot-on" (Scripps Howard News Service). Praise for *Princess Labelmaker to the Rescue!* "Fans will devour this satisfying and nicely realistic conclusion to the story set up in the previous volume. Characters grow, and non-Star Wars pop-culture references seep in. Readers new to the series are advised to go back to the beginning; they won't regret it." --Kirkus Reviews "These books are more popular than a working droid on Tatooine. Expect the usual army of young Jedis to come out swinging for a copy." --Booklist

With Dwight attending Tippet Academy this semester, the kids of McQuarrie Middle School are on their own—no Origami Yoda to give advice and help them navigate the treacherous waters of middle school. Then Sara gets a gift she says is from Dwight—a paper fortune-teller in the form of Chewbacca. It's a Fortune Wookiee, and it seems to give advice that's just as good as Yoda's—even if, in the hands of the girls, it seems too preoccupied with romance. In the meantime, Dwight is fitting in a little too well at Tippet. Has the unimaginable happened? Has Dwight become normal? It's up to his old friends at McQuarrie to remind their kooky friend that it's in his weirdness that his greatness lies. This is the third case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in "a satisfying tale of friendship and just resistance to authority" (Kirkus Reviews, starred review). Praise for *The Secret of the Fortune Wookiee* has crafted a worthy follow-up to his break STARRED REVIEW

Pitch-perfect middle-school milieu and enough Star Wars references (and laughs) to satisfy fans and win new ones.”—Kirkus Reviews, starred review “In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”—Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and Angleberger’s sharp sense of humor) are greatly amplified by the book’s design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It’s a natural step up from the *Wimpy Kid* series, with more text and narrative complexity, but just as much on-target humor and all-around fun.” —Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception *Origami Yoda* has received, kids will be clamoring for this sequel. They won’t be disappointed.” —School Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, *The Strange Case of Origami Yoda*. A sequel to equal the funny and clever novel/comics debut of the *Origami Yoda*, as Dwight’s friends try to save him from reform school.—Shelf Awareness “With the same deft touch that made *The Strange Case of Origami Yoda* a pleasure, Angleberger takes readers through the ups and downs of adolescence.” —Portland Book Review “Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News Provides step-by-step instructions for folding paper kites, boats, hats, boxes, butterflies, cups, fans, flowers, spiders, and mobiles and includes little known facts about origami It’s the fourth book in the mega-hit *Origami Yoda* series! In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining."
