Writing has taken over my life.. in a good way. My thoughts continually are geared towards my next song. Sometimes I get a few lines in my head when I am driving and I have to pull over the car and write them down! No matter where I am, I get the urge to write. I could be talking to a neighbor, or be in the middle of mass at church and a word or phrase will pop into my head and whoa! -a new song is born! More than anything I love, love, love, the peace of mind songwriting allows me to have. Most of my lyrics take me 15 to 30 minutes to write. There was a time when I was writing 6-8 lyrics in a day. Sometimes I would sit there and stare at my pencil asking why did you stop? I swear at times the pencil kept moving like I wasnt even thinking of what to write. This is my first edition. I hope to continue with future editions as I am still writing new songs everyday. Someday I hope to put my lyrics to my own music and I recently started taking piano lessons. Hey, we all know life is a learning process; a learning curve, we need to experience the turns with the ride! I wish you all success with this book and look forward to seeing some of you with me when it comes to award times!

The keeping of journals and diaries became an almost everyday pastime for many Americans in the nineteenth century. Adeline and Julia Graham, two young women from Berrien Springs, Michigan, were both drawn to this activity, writing about the daily events in their lives, as well as their 'grand adventures.' These are fascinating, deeply personal accounts that provide an insight into the thoughts and motivation of two sisters who lived more than a century ago. Adeline began keeping a diary when she was sixteen, from mid-1880 through mid-1884; through it we see a young woman coming of age in this small community in western Michigan. Paired with Adeline's account is her sister Julia's diary, which begins in 1885 when she sets out with three other young women to homestead in Greeley County, Kansas, just east of the Colorado border. It is a vivid and colorful narrative of a young woman's journey into America's western landscape. It was not till the latter part of the afternoon that the casket arrived. Rodney was occupied with a recitation, and it was only in the evening that he got an opportunity to open it. There was a pearl necklace, very handsome, a pair of bracelets, two gold chains, some minor articles of jewelry and a gold ring.

When Hank Williams died on New Year's Day 1953 at the age of twenty-nine, his passing appeared to bring an abrupt end to a saga of rags-to-riches success and anguished self-destruction. As it turned out, however, an equally gripping

story was only just beginning, as Williams's meteoric rise to stardom, extraordinary musical achievements, turbulent personal life, and mysterious death all combined to make him an endlessly intriguing historical figure. For more than sixty years, an ever-lengthening parade of journalists, family and friends, musical contemporaries, biographers, historians and scholars, ordinary fans, and novelists have attempted to capture in words the man, the artist, and the legend. The Hank Williams Reader, the first book of its kind devoted to this giant of American music, collects more than sixty of the most compelling, insightful, and historically significant of these writings. Among them are many pieces that have never been reprinted or that are published here for the first time. The selections cover a broad assortment of themes and perspectives, ranging from heartfelt reminiscences by Williams's relatives and shocking tabloid exposés to thoughtful meditations by fellow artists and penetrating essays by prominent scholars and critics. Over time, writers have sought to explain Williams in a variety of ways, and in tracing these shifting interpretations, this anthology chronicles his cultural transfiguration from star-crossed hillbilly singer-songwriter to enduring American icon. The Hank Williams Reader also features a lengthy interpretive introduction and the most extensive bibliography of Williams-related writings ever published.

Randy "Duke" Cunningham was an ace fighter pilot and Top Gun instructor. He came back from battle as Vietnam's most famous pilot—a Navy hero in an unpopular war. In his political life, Cunningham was an eight-term United States representative who never lost an election. So how did this powerful politician, one of the Vietnam War's most highly decorated pilots, become the most corrupt congressman in U.S. history? In 2005, Cunningham shocked the nation by pleading guilty to charges of conspiracy to commit bribery, fraud, and tax evasion. A federal judge sentenced him to more than eight years in prison, the longest sentence handed down to a member of Congress in 40 years. And even as Cunningham was led, weeping, to prison, investigators continued to uncover a deep-rooted scandal, reaching the cozy nexus between Congress and lobbyists, military contractors, the Defense Department and the upper ranks of the Central Intelligence Agency. Cunningham's bribes were seemingly endless. They included a yacht, a Rolls-Royce, and hundreds of thousands of dollars' worth of antiques. Defense contractors flew him aboard private chartered jets to luxury destinations, picked up the tab at expensive restaurants, and paid for his daughter's graduation party. In total, he collected at least \$2.4 million in five years, a series of acts unequalled in the long, sordid history of congressional corruption. An ongoing investigation is even exploring allegations that prostitutes were hired by Cunningham's associates to entertain the congressman. His corruption and that of his cohorts was a decisive factor in the 2006 elections, as Democrats retook control of the House for the first time in more than a decade. What led a man who showed such strength and resolve in battle to show such moral weakness later in life? Had he become a prisoner of greed or was he manipulated by others far more cunning than he? What happened to Randy Cunningham? In *Feasting on the Spoils*, Hettner offers a probing look at deception and avarice. He paints an unforgettable portrait of a life publicly unraveled, and of a man for whom the mysteries—and the history of fraud—only seem to deepen.

When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse. Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? NEW YORK TIMES BESTSELLER The oldest cultures in the world have mastered the art of raising happy, well-adjusted children. What can we learn from them? "Hunt, Gather, Parent is full of smart ideas that I immediately wanted to force on my own kids." —Pamela Druckerman, The New York Times Book Review When Dr. Michaela Douclevé becomes a mother, she examines the studies behind modern parenting guidance and finds the evidence frustratingly limited and often ineffective. Curious to learn about more effective parenting approaches, she visits a Maya village in the Yucatán Peninsula. There she encounters moms and dads who parent in a totally different way than we do—and raise extraordinarily kind, generous, and helpful children without yelling, nagging, or issuing timeouts. What else, Douclevé wonders, are Western parents missing out on? In Hunt, Gather, Parent, Douclevé sets out with her three-year-old daughter in tow to learn and practice parenting strategies from families in three of the world's most venerable communities: Maya families in Mexico, Inuit families above the Arctic Circle, and Hadzabe families in Tanzania. She sees that these cultures don't have the same problems with children that Western parents do. Most strikingly, parents build a relationship with young children that is vastly different from the one many Western parents develop—it's built on cooperation instead of control, trust instead of fear, and personalized needs instead of standardized development milestones. Maya parents are masters at raising cooperative children. Without resorting to bribes, threats, or chore charts, Maya parents rear loyal helpers by including kids in household tasks from the time they can walk. Inuit parents have developed a remarkably effective approach for teaching children emotional intelligence. When kids cry, hit, or act out, Inuit parents respond with a calm, gentle demeanor that teaches children how to settle themselves down and think before acting. Hadzabe parents are experts on raising confident, self-driven kids with a simple tool that protects children from stress and anxiety, so common now among American kids. Not only does Douclevé live with families and observe their methods firsthand, she also applies them with her own daughter, with striking results. She learns to discipline without yelling. She talks to psychologists, neuroscientists, anthropologists, and sociologists and explains how these strategies can impact children's mental health and development. Filled with practical takeaways that parents can implement immediately, Hunt, Gather, Parent helps us rethink the ways we relate to our children, and reveals a universal parenting paradigm adapted for American families.

"In this powerful short fiction, Mary Gaitskill--whose searing honesty about gender relations has been legendary since the appearance of Bad Behavior in the 1980s--considers our moment through the lens of a particular #metoo incident. The effervescent and well-dressed Quin, a successful book editor and fixture on the New York arts scene, has long been one of Margot's best friends. When several women in his field accuse him of inappropriate touching and remarks, Gaitskill builds the account of his undoing through Quin and Margot's alternating voices, allowing readers to experience Quin as a whole person--one whose behavior toward women could be hurtful and presumptuous on the one hand, and keenly supportive on the other. Margot, an older woman who alternately despairs of and sympathizes with the positions of the younger women involved in Quin's case, is the thrumming engine of this remarkable piece of truth-telling. As Gaitskill has said, fiction is the only way that she could approach this subject, which she sees as subtly colored in shades of gray, rather than the black and white of our current conversations. Her compliment to her characters--and to her readers--is that they are unvarnished and real; her belief in our ability to understand them, even when we don't always admire them, is a beacon of humanity from one of our greatest contemporary writers"--

After her ten-year marriage begins to crumble, Amber Smith finds satisfaction in the arms of a mysterious Nigerian named Blessing. But when Blessing experiences a renaissance of his own with another woman, Amber must follow a new path. Which direction will she take? The idea that Mike was having an affair didn't bother me that much. It was ironical that his own indiscretion if it was true, would be so close to home as well. It wasn't really that I still loved him because, I didn't. It wasn't also that I was jealous because, I wasn't. It was just that I'd never thought of him as one who would have affair. Could this be true, I kept thinking? My thought went back to Blessing, how I wished he was here to share the moment with me and watch the rain fall. I thought about the way he usually talks to me, look at me and the way he touches me. These thoughts are not strange to me at all because at night, whenever I'm lonely, I often think about him. Whenever I feel disenchanted, which is often these days, I think of him. And most importantly, whenever I needed to remind myself how good a man could make me feel, I think about him.
