How does one remember a world that literally no longer exists? How do the moral imperatives to do so correspond to the personal needs that make it possible? Told from the point-of-view of Marta Eisenstein Lane on the occasion of her 80th birthday, Barren Island is the story of a factory island in New York's Jamaica Bay, where the city's dead horses and other large animals were rendered into glue and fertilizer from the mid-19th century until the 1930's. The island itself is as central to the story as the members of the Jewish, Greek, Italian, Irish, and African-American factory families that inhabit it, including those who live their entire lives steeped in the smell of burning animal flesh. The story begins with the arrival of the Eisenstein family, immigrants from Eastern Europe, and explores how the political and social upheavals of the 1930's affect them and their neighbors in the years between the stock market crash of October 1929 and the start of World War II ten years later. Labor strife, union riots, the New Deal, the World's Fair, and the struggle to save European Jews from the growing threat of Nazi terror inform this novel as much as the explosion of civil and social liberties between the two World Wars. Barren Island, finally, is a novel in which the existence of God is argued with a God that may no longer exist or, perhaps, never did.

There was once a village bred by evil. On the barren coast of Cornwall, England, lived a community who prayed for shipwrecks, a community who lured storm-tossed ships to crash upon the sharp rocks of their shore. They fed and clothed themselves with the loot salvaged from the wreckage; dead sailors' tools and trinkets became decorations for their homes. Most never questioned their murderous way of life. Then, upon that pirates' shore crashed the ship The Isle of Skye. And the youngest of its crew members, 14-year-old John Spencer, survived the wreck. But would he escape the wreckers? This is his harrowing tale.

Dave Taylor is an Aussie tour guide specialising in trips through the Queensland Outback. In some ways, however, Dave himself

feels lost. He has been alone this past year, since his childhood sweetheart Denise left him and married another man. Change comes via Dave's latest rather unexpected client, Nicholas Goring, the youngest son of an English earl. Nicholas is on the hunt for an undiscovered species of butterfly, and has hired Dave to help guide his quest. Although the two men are from very different backgrounds, they become friends, and soon their relationship grows into something more. But how easy will it be for an Australian and an Englishman to find common ground? This boxed set contains the novels *Butterfly Hunter*, *Of Dreams and Ceremonies*, and *The Thousand Smiles of Nicholas Goring*, as well as the (free) short story "Like Leaves to a Tree". Originally published in 1984, this dystopian trilogy—"a pioneering feminist experiment"—is a testament to the power of language and women's collective action (Literary Hub). In 2205, the 19th Amendment has long been repealed and women are only valued for their utility. The Earth's economy depends on an insular group of linguists who "breed" women to be perfect interstellar translators until they are sent to the Barren House to await death. But instead, these women are slowly creating a language of their own to make resistance possible. Ignorant to this brewing revolution, Nazareth, a brilliant linguist, and Michaela, a servant, both seek emancipation in their own ways. But their personal rebellions risk exposing the secret language, and threaten the possibility of freedom for all. "This angry feminist text is also an exemplary experiment in speculative fiction, deftly and implacably pursuing both a scientific hypothesis and an ideological hypothesis through all their social, moral, and emotional implications." —Ursula K. Le Guin "A welcome reminder of the feminist legacies of science fiction. . . . Explores the power of speech, agency, and subversion in a work that is as gripping, troubling, and meaningful today as it has ever been." —Publishers Weekly (starred review)
